SAN FRANCISCO'S  
LEADING HOTEL  
SINCE 1902

## HOTEL MAJESTIC

# Welcome to The

Originally built in 1902, the Hotel Majestic was one of San Francisco's earliest grand hotels. Restored beyond its initial elegance and grandeur, the Hotel Majestic has been honored with the prestigious Certification of Recognition for Architectural Preservation and Restoration by the California Heritage Council. An atmosphere reminiscent of a golden era presides, not only in the grace and beauty of the Hotel Majestic itself, but in the caring, responsive attention bestowed upon its guests. Quiet, impeccable, old world manners reign in this magnificent five-story Edwardian structure, along with a warm hospitality normally reserved for long-cherished friends. Guests of the Hotel Majestic are welcomed more as house guests than as hotel residents.

Ideally located in exclusive Pacific Heights, the Hotel Majestic is a symbol of the very best of San Francisco's historic beauty, charm, gracious lifestyle and warm hospitality.

*The lounge recreates the ambience of a private Victorian club. Cocktails can be enjoyed around the authentic 19th Century French mahogany bar, which boasts one of the rarest butterfly collections in the world.*

*Romance and elegance thrive in the Hotel Majestic dining room. Often reviewed as one of the most beautiful and romantic rooms in San Francisco, the Hotel Majestic's catering and event staff pride themselves on designing an event that will exceed your every dream.*

Fifty-eight bedrooms, including nine luxurious suites, are individually designed with a unique blend of French Empire and English antiques, custom furniture and softly hued fabrics to elicit memories of a genteel and elegant home. The focal point of each room is a large, hand painted, canopy bed laden with soft tapestries, feather pillows, comforters and fine linens. Many of our rooms are further enhanced by a warm glow from a fireplace and a romantic view of San Francisco. The lavish suites are perfect for intimate cocktail parties and romantic getaways.

*The lobby, rich with antique tapestries, etched glass, silk-tasseled brocades and downfilled sofas, creates the intimate splendor and comfort of a grand old manor.*
